Mr Holmes has now appealed against the Council's decision not to grant planning permission for the erection of 10 affordable homes. Responses required by 21st July. Any Other Business (11/07/08)

Standards Committee – The Stockton Council Standards Committee had asked to attend our meeting in August. John had confirmed with them that our next meeting is in September and we need to send our Agenda for that meeting to Mr David Bond (SBC). Also needed to be an agenda item.

CC

Planning the Future of Villages Consultation – Sid and John had both attended this event where Stockton Council Spatial Planning team were consulting on the future planning strategy for the village. SBC are of the opinion that Redmarshall is an 'unsustainable' village using the traffic light system where green is sustainable, amber is partially and red is unsustainable. Out of the eight criteria Redmarshall scored 4 ambers and 4 reds!

The village development envelope is still wrong south of The Mains and it was agreed John would write in to SBC asking for this to be changed. JT

There being no further business the meeting closed at 20:00

Next meeting **8th September 2008**. Agenda items to Chris by Sunday 31st August 2008.
